

DFF Dental Lab's Removable Department offers a wide range of products to meet your practice needs. All of our full dentures are pressure injected, heat and pressure cured for improved fit and strength. We have three ranges of denture teeth – economy, mid-range, and premium.

Our experience in balanced occlusion, lingualized occlusion and other types of occlusal set-ups is available. DFF Dental Lab also offers cast chrome partials, Valplast, Stayplates, and both fixed and removable implant supported restorations. Our nightguard product line includes hard processed acrylic, soft and hard/soft nightguards.

Our experienced team of denture technicians is ready to go to work for you.
